“ I can't listen to any classic rock without picturing my brother Frankie playing his air guitar, making his weirdo faces and singing his heart out. I am so thankful to have been able to spend Rock in the Rivers with him and Cheryl this past August. Camping out, rocking out and being with the love of his life, Cher Bear ...Frank had life figured out. I can't believe he's gone...

“ *When Frankie first dated my aunt Cheryl he used to look like like Steve Perry and would always sing the song 'Oh Sherry,' , but he changed the words to 'Oh Cheryl!' He still sang that to her and had the same look of love in his eyes he had for her 30 some years ago years ago! I love Frankie, and will miss him so much!* ”

“ *I have always considered Frank to be a brother to me. He's been in our family as long as I can remember. If I needed someone to change my tire, pull my car out of the snow when I got stuck or fix something around my house when Jess wasn't there then it was Frank that I would call first. No matter what time it was or how far he had to drive to help out, he was right there. I will miss you more than you know. Love, Maria Sepulveda-LaBuff and Family.*

“ I have known Frankie since high school. I had an apartment on Idaho Street when I was 16. I was pregnant with my oldest daughter. He came over with Mike and Jay Condo and a couple other friends. They asked if they could drink there. I let them. They were playing quarters in the kitchen. They all ganged up on him. He got sick all over my kitchen. I was mad at them for doing that to him. I made them clean up the mess. He was always so easy going and kind hearted. I am sad to hear of his passing. Shelly murphy-Hoy
