“ Rick helped me get through one of the most difficult times I've had to work out and I'm so grateful his wonderful light came into my life. The most kind and considerate man I've had the pleasure of to have as my friend. You'll always be missed Rick💔

“ *When Rick and I were first introduced, it became apparent that we had a prior acquaintance, having shared experiences and stories, although our names were previously unknown to each other. Rick was a thoughtful and kind man. He will be missed. My condolences to his wife and family.*

“ *"Knowing you were there for my son when I couldn't be meant everything to me. I felt he was safe because you were around, and having you in his life was a blessing I can never repay. You may be gone, but the impact you had on my son's life—and the comfort you gave to mine—will live on forever. R.I.P. until we meet again, my friend."*

“ Rick was an amazing man there's not many like him left anymore sadly he was always helping someone out ever since I've met him i never found anyone not one person to have a negative thing to say about him i looked up to Rick and respected that man when I had nobody and I was struggling extremely bad and was ready to just end it Rick made sure I realized that I at least had one person him and that saved me knowing that one person cared enough to make sure I was still around I looked at him like family and he kinda always had my back when I thought it was just me he looked out for me like family is supposed to he touched a lot of people's hearts and will always be in mine! People say 1 man one person can't change the world well I can say one man changed my world gave me hope again and showed me there is still genuine and good people left in the world and he taught me that it doesn't matter what people say about one person not changing the world cause it only takes one person to care to change someone's world and that's a start and much more then most people do and im pretty positive my world wasn't the only one he changed he's changed many I just hope we all can keep it up for him because if we do and as a result of him changing our worlds we change others i think its possible for one man to change the world especially Rick and if not its enough that he changed my world!!

Thank you Rick im honored I got to meet you and to call you my friend my family love you man you just hold it down up in heaven until we all meet again RIP RICK You'll always be in mine and everyone's hearts you are extremely missed and loved by many! Until we meet again on the other side much LOVE AND RESPECT RIP! RICK YOUNG ALWAYS REMEMBERED NEVER FORGOTTEN!!!!

“ My most sincere sympathy goes out to you Felice Scott and Rick's family. This is absolutely sad. Rick was a great person for all the many reasons a person is great. I know I will miss him. May God him and may he watch over us in death as he do kindly did in life. Rest in piece Rick.
